

Need help preparing for your audition?

Schedule an audition prep lesson!

An audition prep lesson is one-on-one time with an Academy voice teacher to help you have the best possible audition. You will work with a teacher to determine what role is right for you.

The audition consists of 3 parts:

- Vocal - Perform a song from the musical.
- Dialog - Read a section of dialog from the script.
- Dance - Learn a short dance combination.

For the vocal portion of the audition there are 2 factors to consider:

- What role best fits your vocal range.
- What role best fits your level of experience.

Based on evaluating these elements your teacher will make recommendations for song choices.

For the dialog portion it's all about getting into character.

- What is the character like?
- How will the character speak?

For the dance portion you will learn how the characters moves and interacts with the other characters.

Important details

- Lessons are either 30 minutes, 45 minutes or 60 minutes.
- Lessons are available Monday - Saturday.
- For available days and times please call the Academy.
